Entering into a Transfer of Engagement Agreement (TOE) with Employees Credit Union

We are pleased to announce the Board of Steelsands Credit Union has agreed to begin the process of a TOE with Employees Credit Union.

The Board believes this is an opportunity to improve both Credit Unions' members positions and further solidify Steelsands' financial position.

Once due diligence and final approval are agreed, the plan is for Employees Credit Union to become another branch of Steelsands Credit Union under the trading name of NZCU Employees Credit Union.

More details are available on our website, please refer to our Product Disclosure Statement.
